MONTMORENCY
SECONDARY COLLEGE

1 March, 2023 Newsletter No. 1

FROM THE PRINCIPAL

Welcome back for 2023!

We are excited to welcome the College community back to Montmorency Secondary College for the 2023 school year! It is sure to be an exciting year ahead as we move through continued curriculum planning where teachers are exploring the impact of their teaching on student learning and embedding resilience into classrooms. We have a number of new staff on board this year, of whom we are really pleased to welcome into the Monty community.

2022 VCE Results

Our VCE results were pleasing, where we maintained our achievement across the cohort and saw some really impressive results. The College has supported all of our students into attaining their pathways, and a very impressive 100% of students completed their VCE. The broad range of ATAR results, with over 25% of students attaining an 80+ ATAR, and 4.3% of students achieving a 40+ score in their subjects.

The Dux of the College was Jemima Cuthbert-Novak who attained an impressive 97.7 ATAR and has been successful in obtaining a place at Melbourne University as her first preference, in Arts / Teaching.

Mia Zapulla achieved a very impressive result in Outdoor Education, a perfect score of 50. This result shows that Mia performed in the top 0.3% of students enrolled in the subject for 2022.

Jemima Cuthbert-Novak

Mia Zapulla

80% of students received their first preferences for University Placements, with students undertaking placements at a range of universities. 46% of students have been offered a place at Latrobe University, 23% at RMIT University, 9% at Melbourne University and a broad range of other providers. We are very proud of this cohort, with most students being made an offer in the first round.

2023 New Staff

In 2023, we have a number of new staff joining the College, leading and teaching in a range of areas:

- Year 12 Leader: Jessica Spiteri
Year 10 Leader: Taylann Luckmann
Year 8 Leader: Kieran McNair

Our teaching staff are working in a range of different method areas:

- Kieran McNair – Media /Music
- Taylann Luckmann – Health/Phys Ed / Vocational Major
- Jessica Spiteri – Health / Phys Ed

FROM THE PRINCIPAL Cont...

- Connor O'Brien – Maths / Science
- Danny Spasenoski – Maths / Science
- Rachel Short – English / Media
- Christopher Martin – English / Vocational Major
- Daniel Bird – English / Humanities
- Zachary Forbes – Maths
- Thomas Mahoney – Maths / Psychology
- Chelsea Powell – Legal Studies / Humanities
- Natalie Scarborough – Maths
- Daniel Leaver - Science
- Kathryn Townley – English / Humanities
- Darren Zhang—French
- Nicole Burns— French

And some additions to our fabulous Education Support Staff:

- Jade O'Brien – Youth Worker
- Syed Shah – Lab Tech
- Aidan Boak-James— Aide/Tutor
- Charlotte Tyler— Tutor

We also farewell three of our longstanding staff members who have been an integral part of the College community for many years, and wish them all the best in the next chapters of their lives. Congratulations on the retirement of:

- George Dimitriadis
- Stephen Horn
- John Stapleton

George Dimitriadis

Stephen Horn

John Stapleton

Compass

We have successfully transitioned across to Compass from Xuno in 2023. Thank you for your support and understanding as we have been working through the back-end development and making sure that things are 'working' for staff, students and families.

Please ensure that you login and view:

Newsfeed

We are adding a range of relevant information for families to the Newsfeed, so please log in every few days and see what is happening at the College.

Your Child's Profile

Here you will be able to see their schedule and what's on in their subjects each week. Some staff are dabbling in Learning Tasks and seeing how they benefit learning in the classroom – and some staff will still be using Google Classroom in this space.

Attendance

You will be able to add attendance/absence notes here, including when a student is required to leave early or late; or is absent for any reason. **Please note, VCE students who are missing essential learning and assessments are required to have documentation (such as a medical certificate) to cover this absence **

Events

There are an increasing number of Events – Excursions, Activities, Resources – that are being posted in Events. So please login and view if consent, a purchase or approval is required for your child.

If you are experiencing difficulties, please contact the General Office.

2023 Student Planners

Your student should have come home from the College with a student planner for 2023! We are reinvigorating the use of student planners to aid organisation and preparation, and to help manage homework, study and assignments.

Following remote learning, students have demonstrated a need to be better supported through organisation, and further develop these skills. We have elected to use the Resilience Project Planners due to the range of additional supports around resilience, organisation and mindset.

Home Group teachers will be supporting student use of planners, teachers will be encouraging students to write in homework, assignments and reminders. And we encourage parents to discuss planners and organisation at home with your children.

School Review

The College will be undertaking a whole school review based on Strategic Plan from the last four years. We will be involving a range of stakeholders in the process, including teaching staff, education support staff, students and parents. We are proud of the College's progress and continue to celebrate the successes throughout the College's journey.

Once we receive the outcomes of the Review, the College will communicate this to the College community and also develop our goals for the next four years.

ChatGPT

The evolution of technology and its impact on education is ongoing, and the advent of Artificial Intelligence is not a novel concept. However, the availability of AI through ChatGPT represents a noteworthy development that will inevitably influence education.

ChatGPT is a state-of-the-art chatbot that utilises natural language processing and sources its content from textbooks, websites, and articles to develop its language for human interaction. It is capable of generating responses to questions and adapting its responses to the requested style.

In accordance with the Department of Education and Training networks, access to ChatGPT will be restricted for students while they investigate the User Agreement to the platform. However, students may have access to ChatGPT through home or mobile internet when not in a DET network. Please be mindful as the user agreement indicates this is for students 18+.

Time in Lieu

As part of the Victorian Schools Government Agreement 2022, the full implementation of Time in Lieu will be applied for staff. This means that any activities that run outside of school hours are eligible for teachers to have time in lieu accrued for their work outside of hours.

This will have a significant impact on the College – particularly for information evenings and Camps. Therefore, the range of activities that the College will be able to run throughout the year will be limited as we consider the best ways of minimising the impact on teaching and learning outcomes. We are making every effort to maintain our current program, however, this will be challenging with staffing and funding. We will make every effort to minimise the impact on student learning.

Personal Accident Insurance & Ambulance Cover

The Department does not provide personal accident insurance or ambulance cover for students. Parents/carers of students, who do not have student accident insurance/ambulance cover, are responsible for paying the cost of medical treatment for injured students, including the cost of ambulance attendance or transport as well as any other transport costs. Parents/carers can purchase insurance policies from commercial insurers.

Private property brought to school by students, staff or visitors is not insured and the Department does not accept any responsibility for any loss or damage. This can include mobile phones, calculators, toys, sporting equipment and cars parked on school premises. As the Department does not hold insurance for personal property brought to schools and has no capacity to pay for any loss or damage to such property, students and staff should be discouraged from bringing any unnecessary or particularly valuable items to school.

Back to School

Back to school is an exciting time for students and families, as we settle into a new year. It is important to note that it can be a big step, particularly for those starting in Year 7 or starting at Monty for the new school year. It is usual for students to feel tired, and a bit overwhelmed with change – but it is vital that you support these with positive conversation at home, encourage positive friendships and reach out to us at the College if further support is needed.

The first contacts will be your child’s Home Group Teacher to support their connection and friendship, and anything that might be needed to get 2023 started positively!

Welcome back! We are excited for the wonderful year ahead. One that is filled with a bit more certainty and positivity!

Frances Ibbott
Principal

How do I access Compass?

Compass is accessible on any modern web browser (Internet Explorer, Firefox, Chrome, Safari) or by using the Compass iOS or Android apps (continue reading to learn more about the app including how to use it).

To access the parent portal, you can go to your school's website and click the Compass link on their homepage. Alternatively, you can go to schools.compass.education where you can search for our school's direct URL.

To log in you will require your unique family username and password. These details will be provided to you by our school. Upon first login, you will be required to change your password and confirm your email address and mobile phone number. These details may be used by our school for SMS, password recovery and email communication throughout the year.

Download on the App Store | GET IT ON Google Play

TERM 1, 2023 AT A GLANCE

Wednesday 8 March	Year 7 Vaccinations
Wednesday 8 March	Year 7—10 Maths Information Night—7:00pm
Monday 13 March	Labour Day Holiday
Wednesday 15 March	School Council Meeting—7:00pm
Tuesday 21 March	Whole School Assembly
Friday 24 March	Athletics Carnival
Wednesday 29 & Thursday 30 March	Student Progress Interview Days
Tuesday 4 April	Interactive Open Afternoon—Early Finish 1:22
Thursday 6 April	Last Day of Term 1—Early Finish 1:22pm
Monday 24 April	Term 2 Begins

HOMework CLUB

Homework Club runs from 3:15pm-4:15pm every Wednesday in the Resource Centre.

Some information about Homework Club:

- It is a nice quiet place for students to get their homework done with the support of teachers.
- Any student can attend Homework Club anytime, no need to let me know or fill out any paperwork, students can turn up, the doors are open.
- Usually, 5-10 teachers volunteer their time to support students there each week, from a range of learning area specialities.
- I am always present and I am a Maths/Science teacher, so there is always Maths (all year levels) & Science (up to Year 10) specific help.
- We have many regular students who attend every Homework Club as they find it a good place to get their homework 'over and done with' and be kept on task. Many students feel they are much more productive at Homework Club than they are at home.
- Even though it only officially runs until 4:15pm, I usually stay until around 5:30pm and some students choose to stay until closing time.
- Some students are 'sent' to Homework Club officially by their teachers to catch up on overdue work or to sit an assessment resit. If this is the case, your student's teacher will contact you to let you know they expect your student to attend. If your student cannot attend for whatever reason, you need to let the teacher know and organise another time for the overdue work to be completed.
- We also have a volunteer run 'Maths/Science' Homework Club which runs similarly on Monday afternoon, however, students cannot be formally 'sent' there (all students attending Monday afternoon are there by their own choice to get support/work quietly). Monday Homework Club is run by volunteer Maths and Science teachers.
- I recommend that every student should try Homework Club at least once (if they are free Monday or Wednesday after school), so they are aware of how it works and of the productive energy of the space/people who occupy it.

Let me know if you have any questions.

Jesse Franklin—jesse.franklin@education.vic.gov.au

YEAR 7 & 10 VACCINATION DATES

Wednesday 8 March:	Year 7 HPV/Boostrix
Monday 28 August:	Year 10 Meningococcal

Human papillomavirus (HPV) vaccine information for parents/guardians

From 6 February 2023, the routine two dose HPV vaccine schedule provided to young people aged 12-13 years through the National Immunisation Program (NIP) has become a single dose schedule using the same Gardasil®9 vaccine.

What is the HPV vaccine?

The Gardasil®9 vaccine protects against HPV infection, which is a common viral infection, usually affecting the genitals and spread through sexual contact. The vaccine is most effective when given before exposure to the virus, that is before a person becomes sexually active. More information about HPV and the HPV vaccine can be found [on the Better Health Channel](#).

How has the HPV vaccine schedule changed?

From 6 February 2023, the recommended HPV vaccine schedule for most people has **changed from two-doses to a single dose** course using the same Gardasil®9 vaccine. There is no change to the amount of vaccine that is given in the single dose.

The schedule **has not changed for immunocompromised people**. A 3-dose schedule of HPV vaccine is recommended for people with severely immunocompromising conditions, regardless of their age when they started vaccination.

Why was this change made?

The change is based on advice from the Australian Technical Advisory Group on Immunisation (ATAGI), who have considered and reviewed the latest international clinical evidence. ATAGI support the large volume of clinical findings that a single dose of HPV vaccine provides about the same protection as two doses of HPV vaccine.

What do you need to do?

If you have already given consent for your child's HPV vaccination you do not need to take any further action.

Your council immunisation service will seek your consent for vaccinations delivered to students at school as usual.

If you would like to discuss the change, or clarify any information contained in this message please contact Banyule City Council on 9457 9964.

Further information

Better Health Channel <https://www.betterhealth.vic.gov.au/health/healthyliving/human-papillomavirus-hpv-immunisation>

STOPIT service

STOPIT is a new Victoria Police text notification service enabling commuters, including school students, to report any form of inappropriate behaviour that makes them feel uncomfortable, frightened or threatened on the public transport network.

How STOPIT works

The STOPIT service enables commuters to use their mobile phone to promptly, easily and discreetly report inappropriate behaviours.

To use the service, commuters simply text 'STOPIT' to 0499 455 455. This triggers an automated response that includes a link to where the commuter can provide more details about what's just happened.

When people report these types of inappropriate behaviours, police can investigate and identify offenders to improve safety on public transport for everyone.

Parents and carers are encouraged to consider discussing the new service with students who travel on public transport. Students who use mobile phones outside of school hours are encouraged to save the STOPIT number in their mobile phone.

Please note, STOPIT is for reporting non-urgent incidents on public transport. Always phone 000 in an emergency.

For more information, refer to sexual and anti-social behaviour on public transport on the Victoria Police website:

www.police.vic.gov.au/stopit

FRENCH NEWS

Bonjour! Year 7 students have had a fantastic start to the year. So far, we have learnt about the geography of France, French words that we use in English, and how to introduce yourself in French. Students have had a lot of fun making posters of France, which supported the development of their literacy and numeracy. We are all very excited about learning French together. A bientôt!

Monika Szuryn

Annual privacy reminder for our school community

Our school collects, uses, discloses and stores student and parent personal information for standard school functions or where permitted by law, as stated in the [Schools' Privacy Policy](#).

Please take time to read our school's collection notice, found on our website - [Privacy Policy](#)

We ask parents to also review the guidance we provide on how we use [Google Workspace for Education](#) safely at the school and what parents can do to further protect their child's information. If after reviewing the guidance, you have any questions or concerns regarding your child using Google Workspace for Education, please contact the school.

For more information about privacy, refer to: [Schools' Privacy Policy — information for parents](#). This information is also available in ten community languages:

- Amharic
- Gujarati
- Sudanese
- Vietnamese
- Arabic
- Mandarin
- Turkish
- Dari
- Somali
- Urdu

SWIMMING CARNIVAL

On Tuesday the 14th of February, the College's annual House Swimming Carnival took place at Aquarena. The day was fun filled with swimming, costumes, novelty events, going on waterslides and relaxing with friends. It was great to see so many people enter the 'Fashions on the pool deck' competition in the morning which included some very creative group costumes. Many students gave their best efforts in the swimming competition. During the lunch break, the pool was full of students competing in novelty events. It was also great to see students working together whilst participating in dry land activities in their year levels and we had many student helpers assisting throughout the course of the day. Congratulations to all swimmers and participants on the day. We hope to see you at the Athletics Carnival on Friday 24th March.

Ella Preece, Year 11 - Yarra House Captain

Year 7 Library Orientation Program 2023

Almost all Year 7 classes have now participated in the Library Orientation Program, where Students had the opportunity to browse the extensive fiction collection and then borrow an item or more. They were excited to learn that they had access to Ebooks, Audio books, Audio Visual Programs and a variety of Fiction and Non-fiction books, all easily searched and accessed via the on-line Library catalogue, EPlatform and TV 4 Education. The students are now aware that library staff strive to cater to all learners, by curating collections of graphic novels, dyslexia friendly books, easy readers, picture books and senior fiction to complement the general library collection.

Students learned about the opening hours of the library and the services provided to staff and students.

During lunchtime, the library is a hive of activity, as students enjoy reading, catching up on homework or playing games (chess, Uno, Connect Four, Scattergories, etc) with their friends. We are already seeing many Year 7 students enjoying the library before school, after school and at lunchtimes in particular.

Ivanka Sapina and Louisa Valentini (Teacher-Librarians)

Secondary School Attendance

Going to school every day is the single most important part of your teenager's education.

Students learn new things at school every day – missing school puts them behind.

SCHOOL IS BETTER WHEN YOUR TEENAGER IS THERE

Why it's important

We all want our students to get a great education, and the building blocks for a great education begin with students coming to school each and every day.

Students develop good habits by going to school every day – habits that are necessary to succeed after school, whether in the workplace or in further study.

Missing school can have a big impact on students academically and socially. It can affect their test results, including VCE & VCAL, and, just as importantly, it can affect their relationships with other students, and lead to social isolation.

There is no safe number of days for missing school – each day a student misses puts them behind, and can affect their educational outcomes.

Each missed day is associated with falling behind in subject topics and assessment tasks, and lead to fewer subject choices and may impact on achievement in years 11 and 12 and post-school pathways.

Getting in early

It's never too late to improve attendance. Even in the middle years, when school can seem the most challenging for students and when attendance rates can be at their lowest, going to school more often can make a big difference. **Every day counts.**

Schools are there to help – if you're having attendance issues with your child, speak to your school about ways to address those issues.

IN VICTORIA SCHOOL IS COMPULSORY FOR CHILDREN AND YOUNG PEOPLE AGED 6 – 17 YEARS

Student Absences

The main reasons for absence are:

Sickness – There are always times when students need to miss school, such as when they're ill. It's vital that they're only away on the days they are genuinely sick, and setting good sleep patterns, eating well and exercising regularly can make a big difference.

Family holidays - It's vital that holidays are planned during school holidays where possible, and not during the term. If you are planning to go on holiday during term time, make sure that you talk to your school in advance, and work with them to develop an absence learning plan.

"Day off" – Think twice before letting your teenager have a "day off" as they could fall behind their classmates – every day counts.

Truancy – This is when students choose not to go to school without their parent's permission or skip out of school during the day. There can be many reasons for truancy; the best way to address this is for schools and parents to work together.

While all absences can effect academic performance, DET's statistics show that unexcused absences are a much stronger indicator of lower reading and maths achievement.

School refusal - School refusing children experience significant emotional distress not only when going to school but also at the thought of going to school; they may be absent from school for weeks or even months at a time. School refusal differs from truancy as children generally stay home with the knowledge of the parents and despite their best efforts to encourage their child to go to school. See: [My child or teenager has anxiety](#)

BEING AWAY FROM SCHOOL FOR 1 DAY A FORTNIGHT EQUALS MISSING 1.5 YEARS OVER 13 YEARS OF SCHOOL

If your teenager is away

If for any reason your teenager must miss school, there are things you can do with your school to ensure they don't fall behind:

- Inform the school via your teen's Form/Home Room teacher or Year Level Coordinator
- Find out what work your teenager needs to do to keep up.
- Develop an absence learning plan with your teenager's teacher and ensure they complete the plan.

Remember, every day counts. If your teenager must miss school, speak with your home room teacher or year level coordinator as early as possible.

Openly communicating with your teenager's school about all absences is a good way to prevent attendance issues being escalated to a School Attendance Officer. A School Attendance Officer is a Department of Education and Training Regional Director who has authority to follow up attendance issues. Chronic or ongoing attendance issues that are escalated can lead to an Infringement Notice being issued to parent/s.

If you're having attendance issues with your teenager, please let the year level coordinator, wellbeing coordinator, principal or other relevant staff member know so you can work together to get your teen to school every day.

TOP ATTENDANCE TIPS FOR PARENTS

- Schools want to work in partnership with parents – act early if you have any concerns by contacting your child's school and asking for advice and support
- Remember that every day counts
- There is no safe number of days for missing school – each day a student misses puts them behind, and can affect their educational outcomes and their social connectedness
- Talk positively about school and the importance of attending every day
- Open and prompt communication with your child's school about all absences is a good idea
- Avoid making routine medical and dental appointments during the school day or planning family holidays during the term.
- Seek help from your school if you are concerned about your child's attendance and wellbeing. Schools want to work in partnership with parents to support student attendance and wellbeing.

FURTHER INFORMATION

For more information and resources to help address attendance issues, visit:

MUSIC NEWS

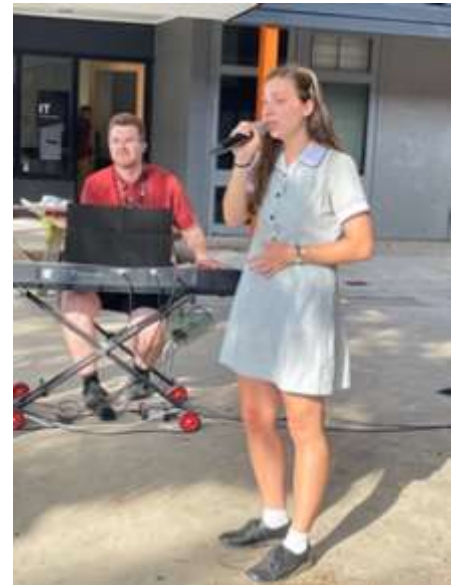

Our wonderful instrumental students have already had several performances for both Alpha week, the Year 7 'Meet N Music' night (and yes, we survived the hot weather!!) and school assembly.

Many of our Year 7 students have started the exciting new journey of trying instruments out and deciding which they would like to pursue for lessons at the school. Allocation of instruments is in process. There are still a few students that are being placed, so please be patient as every application is attended to.

Instrumental lessons are open to all students in the college. If your child is interested in learning an instrument, please fill out this Expression Of Interest google doc <https://forms.gle/Cu3qV9zSrcWcnHbR9>

If your student already learns an instrument outside the college, they might like to be involved in one of the schools groups, eg Vocal Group, String Ensemble, Intermediate Band, Guitar Ensemble. Do not hesitate to make contact with me to discuss what options would be available to fit with your student's musical ability.
